

# Academy enjoyed a record-breaking year

The academy believes in raising aspirations and ambitions of students, and helping them to be successful

## SIXTH form at Staffordshire University Academy offers A-level and vocational courses for all.

The sixth form has grown considerably over recent years and last year was a record-breaking one in achieving the highest results ever at the academy.

Seventy per cent of students progressed onto higher education, securing places at Russell Group Universities, and others at places including sponsor university, Staffordshire University.

The academy believes in raising the aspirations and ambitions of students and helping them to be successful in the future.

Staff would love to see you at an open evening and show you all of the fabulous opportunities the academy has to offer. There will be opportunities to tour the building and speak to staff and students.

The sixth form is open to all students. Go along to the open evening on Thursday, November, 13, 5:30-7pm, with welcome presentations at 5:30pm and 6:30pm. Staff look forward to seeing you.

Taster days give future pupils the chance to explore the school and its grounds

# School has a unique offering

**TETTENHALL College, Wolverhampton, is a unique school which prides itself on nurturing each individual pupil. So it comes as no surprise that its assessment days offer a little something extra than the norm.**

While the majority of schools invite children in solely for examinations, Tettenhall College turns assessments into an opportunity for them to come and take a look around, participate in activities and see firsthand how welcoming the school is.

These taster days give future pupils the chance to explore the school and its grounds, enjoy lunch in the canteen and even take part in a fun dodgeball tournament. Meeting staff and chatting to existing pupils helps them to feel at ease.

If they are to join Tettenhall College in the future, it's the first of many opportunities to visit and participate, enabling them to familiarise themselves with the school environment. Events

such as the popular Autumn Leaves walk, where visitors explore the amazing 33-acre woodland on site, Bluebell Walk, and school plays and productions are all open to potential pupils and their families. It means that by the time they start the following September, many new pupils already feel they are part of the school community.

### Confidence

Several new starters recently showed parents and prospective pupils around at open days, despite having only joined Tettenhall College a few weeks before. Their confidence and enthusiasm showed how well they have settled and how keen they are to share their experiences.

This ties in with the Independent Schools Inspectorate's report for the school, which noted that 'children thrive because staff are highly committed to meeting their individual needs and building excellent relationships' (March 2012). Part of the school ethos is to treat children as individuals and nurture their own personal strengths and talents.

Founded in 1863, Tettenhall College has a rich history and offers a

first-class education to boys and girls between the ages of two and 18. A dedicated team of staff and a stunning setting combine to make the school a truly inspiring place to learn and grow.

Comprising a preparatory school, a senior school and a sixth form, the school has earned a reputation as a prestigious centre for learning. Pupils achieved excellent exam results this year but the school also places strong emphasis on personal and social development, with sports, drama, charitable ventures and a wide variety of extra-curricular activities.

The school is also set to improve even further, with the announcement of a £3 million redevelopment, enhancing existing facilities and providing exciting new opportunities.

Assessment days will be held on November 13 and 15. Scholarships may be awarded for exceptional sporting, drama, music or academic achievements.

For more information please contact the admissions team on 01902 751119 or email [admissions@tettcoll.co.uk](mailto:admissions@tettcoll.co.uk). See for yourself for yourself why Tettenhall College is one of the region's leading independent schools.
