Dear Parent/Carer

Re: Pathways and Parents' Evening Tuesday 16th May 2017 4pm – 7pm

At Staffordshire University Academy we believe our students should be fully informed before making the decisions that have a very important effect on their career pathway. The right choice of courses in Year 10 will help to secure their passport to a successful future.

English language and literature, mathematics, science, humanities and MFL are at the core of the academy's learning. In addition to these subjects, your son or daughter will be asked to make their final choice of which examined courses they wish to study during the next two years before continuing into our Sixth Form or alternatively further training or employment.

Our intention is to provide all our students with a curriculum experience that meets their own particular needs. I would like to welcome you to our combined Pathways and Parents' Evening where we can help make the challenge of that choice an easier decision, to make sure we get it right together. Your child will be asked to make appointments with their teaching staff throughout the evening. Subject staff will also have displays and information to help inform the choices your child will make.

There will be the opportunity to join us in the main hall either at 5.00pm or 6.00pm on the evening for a brief presentation explaining your child's choices and the process they will be completing. Formal invitations for students to attend a pathway's meeting to confirm options for September will also be given out during the event. These meetings will take place before the end of this half term.

I look forward to meeting and working with you in the near future.

Yours sincerely,

Ms S Pearson
Assistant Principal
