

1st May 2019

Dear Parent/Carer,

French Day

On Friday 3rd May we will be supporting Modern Foreign Languages by celebrating French Day at the academy. It is vital that our students understand the importance of learning to speak a foreign language and the opportunities that this will give them in the future from the point of view of career choices and their enjoyment of discovering new places. It is also a way for them to learn a little about France before many of our students go on their visit to Paris in July.

Students in years 7, 8 and 9 are invited to wear non-uniform in the French Tricolore colours of red, white and blue or traditional French stripes. They can even wear a beret for the occasion if they wish! There is no charge for students who wish to participate.

During the day, lessons will have a French theme to them and the academy will be decorated with French flags. The canteen will be serving French snacks and meals for the students to try something a little different if they wish.

We are very much looking forward to this event. If you have any questions please do not hesitate to contact me.

Yours sincerely

S Mays
Head of Modern Foreign Languages
