Dear Parents/Carers

Re: Key Dates

I would like to introduce myself as a new member of the senior leadership team. It gives me great pleasure to be working as part of Team SUA. My role is to oversee the curriculum developments, progress and achievement of all students across the academy.

Please find a list of upcoming events that are happening. All year groups will have end of year assessments across a range of subjects to see how they are progressing in preparation for the next academic year. It is vital students utilise their knowledge organisers, these are all accessible on our website or from form tutors.
