Training, support and guidance

This section of our Centre Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

Training

This section provides details of the approach our centre will take to *training, support and guidance in determining teacher assessed grades this year*

- *Teachers involved in determining grades in our centre will attend any centre-based training to help achieve consistency and fairness to all students.*
- *Teachers will engage fully with all training and support that has been provided by the JCQ and the awarding organisations.*
- *Teachers will have had up to date Ofqual guidance shared with them and will be expected to digest and discuss this during line management meetings.*

Support for Newly Qualified Teachers and teachers less familiar with assessment

This section provides details of our approach to *training, support and guidance for newly qualified teachers and teachers less familiar with assessment*

- *We will provide mentoring from experienced teachers to NQTs and teachers less familiar with assessment.*
- *We will ensure curriculum departmental time is set aside to carry out the mentoring and offer additional opportunities for less experienced teachers to meet with their line managers to continue these discussions.*
- *We will put in place additional internal reviews of teacher assessed grades for NQTs and other teachers as appropriate.*
- *We will put in place additional internal reviews of teacher assessed grades for RQTs and teachers who have not yet had the opportunity to work through a terminal examination year.*

Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

A. Use of evidence

This section gives details in relation to our use of evidence.

- *Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence and further guidance provided by awarding organisations.*
- *All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained for 5 years and made available for the purposes of external quality assurance and appeals.*
- *We will be using student work including groups of questions, past papers or similar materials such as practice or sample papers.*
- *We will use non-exam assessment work (often referred to as coursework) even if this has not been fully completed.*
- *We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials and have been marked in a way that reflects awarding organisation markschemes.*
- *We will use substantial class or homework (including work that took place during remote learning).*
- *We will use internal tests taken by students.*
- *We will use records of a student's capability and performance over the course of study in performance-based subjects such as music, drama and dance.*

We provide further detail in the following areas:

Additional Assessment Materials

- *We will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.*
- *We will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.*
- *We will use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same tasks to complete, where this is possible.*
- *We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.*
- *Where additional evidence is used, contextual information will be showed on its purpose in aiding the awarding of a TAG.*

SUA Centre policy exams 2021 amended 30.04.21

Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- *We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control, under supervision or at home.*
- *We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the academy.*
- *We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once where this is not a skill being assessed.*
- *We will consider the specification and assessment objective coverage of the assessment.*
- *We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.*
- *We will not discriminate against a student who has been detrimentally affected by COVID-19, through issues linked to their emotional health and wellbeing, and will select additional evidence to support their work.*
- *We will not discriminate against students whose attendance has been affected by COVID-19 bubble isolation and ensure additional evidence is provided to support their work.*

Determining teacher assessed grades

This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.

Awarding teacher assessed grades based on evidence

We give details here of our centre's approach to awarding teacher assessed grades.

- *Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.*
- *Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.*
- *Our teachers will produce an Assessment Record for each subject cohort and will share this with their Head of Department. Any necessary variations for individual students will also be shared.*
- *Our teachers will have been involved in department meetings where student work will have been discussed and moderated prior to teacher assessed grades being awarded.*
- *Our teachers will have carefully considered SUA's past performance in their subject areas in the current context to provide further security of their judgements.*
- *Our teachers will collaborate with other colleagues in their faculty to carefully consider the teacher assessed grades if they are the only teacher delivering that course.*

Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

Head of Centre Internal Quality Assurance and Declaration

Internal quality assurance

This section gives details of our approach to internal standardisation, within and across subject departments.

- *We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.*
- *In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal standardisation process.*
- *We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:*
 - *Arriving at teacher assessed grades*
 - *Marking of evidence*
 - *Reaching a holistic grading decision*
 - *Applying the use of grading support and documentation*
- *We will conduct internal standardisation across all grades at departmental level.*
- *We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.*
- *Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre.*
 - *This will be quality assured by a member of a faculty with the closest experience to the subject teacher. Then followed by a second round of quality assurance to critique the grades put forward.*
- *In respect of Equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.*

Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- *We will compile information on the grades awarded to our students in past June series in which exams took place between 2017 – 2019 where those courses were completed.*
- *We will consider the size of our cohort from year to year and the prior attainment of each cohort.*
- *We will consider the stability of our centre's overall grade outcomes from year to year in the context of an improving school (as evidenced by Ofsted monitoring reports and inspection report).*
- *We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.*
- *We will, including departmental leads, prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.*

This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.

- *We will compile historical data giving appropriate regard to potential mixtures of A*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.*
- *We will bring together other data sources that will help to quality assure the grades we intend to award in 2021.*
- *Where available we will moderate our results against those of similar centres nationally for courses in their first examination year.*

This section gives details of changes in our cohorts that need to be reflected in our comparisons.

- *We will omit subjects that we no longer offer from the historical data.*
- *Where new courses have been offered, we will compare the performance of individuals across all courses as well as reviewing the national variation in grades for that subject.*
- *The academy has changed dramatically over the last 3 years moving from inadequate in April 2017 to requires improvement in November 2019. Ofsted reports highlight the rapidly improving academy, not yet demonstrated in previous results prior to the Centre Assessed Grades of 2020.*
- *Due to the changing numbers of students from year to year and our relatively small cohort the grades awarded for subjects have steadily been improving. This is not reflected in the outcomes throughout the duration of 2017-2019.*
- *The curriculum has improved, teaching has improved, student attitudes and behaviour have significantly improved. Staff turnover has reduced dramatically and as a result the teaching staff is much more stable. All of these factors would inform improved results from historic exam seasons. Teachers and leaders will take this carefully into account.*
- *Where significant variations in cohorts have occurred variation forms will be completed for individual subjects highlighting the key differences.*
- *Where subjects have been offered to part cohorts previously the data will only be considered in line with whole cohorts. (e.g. biology/chemistry/physics 2018 will be excluded)*
- *Where students had previously been entered a year early for English Literature, this data will be excluded and data considered in line with whole cohorts.*

Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

Reasonable adjustments and mitigating circumstances (special consideration)

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- *Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.*
- *Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.*

SUA Centre policy exams 2021 amended 30.04.21

- *We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.*
- *Where agreed reasonable adjustments or access arrangements are refused by a student, the evidence may still be assessed. This will be recorded as part of the assessment record.*
- *To ensure consistency in the application of Special Consideration, we will ensure all directors on the extended leadership team have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#) and disseminated the information to their wider curriculum team.*
- *Where students have refused to take up their access arrangements, they will recognise this was of their free will and this will be included on the authentication documentation for each subject where this would have been applicable.*

Addressing disruption/differential lost learning (DLL)

B. Addressing Disruption/Differentiated Lost Learning (DLL)

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.
- We will not discriminate against students whose attendance has been affected by COVID-19 bubble isolation and ensure additional evidence is provided to support their work.
- We will not discriminate against a student who has been detrimentally affected by COVID-19, through issues linked to their emotional health and wellbeing and will select additional evidence to support their work.

Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

Objectivity

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

Senior Leaders, Heads of Department and Centre will consider:

- *sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);*
- *how to minimise bias in questions and marking and hidden forms of bias);*
- *bias in teacher assessed grades.*

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:

- *unconscious bias can skew judgements;*
- *the evidence presented should be valued for its own merit as an indication of performance and attainment;*
- *teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;*
- *unconscious bias is more likely to occur when quick opinions are formed.*

SUA Centre policy exams 2021 amended 30.04.21

Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.

Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

C. Recording Decisions and Retention of Evidence and Data

This section outlines our approach to recording decisions and retaining evidence and data.

- *We will ensure that teachers and Heads of Departments maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades.*
- *We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.*
- *We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.*
- *We will comply with our obligations regarding data protection legislation.*
- *We will ensure that the grades accurately reflect the evidence submitted.*
- *We will retain proof of all assessments that the students have completed and keep these securely for a period of 5 years.*

Authenticating evidence

D. Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- *Robust mechanisms, which will include standardisation of grades within departments, cross referencing of grading with exemplar material and quality assurance of additional support used, will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.*
- *Students will complete an authentication declaration for each subject acknowledging they have understood the assessments/evidence that is being used and that the work has been completed by themselves.*
- *It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations to support these determinations of authenticity.*
